

**52nd International Conference on Medicinal Chemistry**  
**52èmes Rencontres Internationales de Chimie Thérapeutique**

The French Medicinal Chemistry Society (Société de Chimie Thérapeutique - SCT) is pleased to invite you to Caen (Normandy), France on July 6-8, 2016 for the 52nd edition of the International Conference on Medicinal Chemistry (RICT 2016).

Patrick Dallemagne, head of the Local Organising Committee will welcome you in the city of William the Conqueror, Duke of Normandy and King of England.

The congress will be devoted to “Interfacing Chemical Biology and Drug Discovery” and the main topics will be:

- Approaches for Target Identification-Validation
- Biomarkers – Innovative Diagnostic Approaches, Tools
- Molecular Diversity
- Chemoinformatics in and for Drug Discovery
- Therapeutic Interventions Targeting the Nervous System
- Case Studies (all targets and therapeutic indications included)

Additionally you will be able to appreciate the climate of the beautiful Normandy and visit the famous Mont-Saint-Michel, its wild coast with its lighthouses, the D-Day historic sites and beaches, the green countryside (here the highland named Norman Switzerland) or the lovely Alabaster seaside with the famous Etretat beach.

Caen is located at 230 kilometers from Paris and easily accessible by car, train, plane or even by boat (Caen - Ouistreham harbour).
